AT THE BOOTH · TODAY

Whisper. Grow. Take it home.

1 WHISPER
Tell the tree hole one sentence, in any language. Sit on a cushion and take your time.

2 GROW
A one-of-a-kind pixel spore grows from it and joins the colony on the tower.

3 MAKE
Rebuild your spore with 3D-printed pixels and take it home as a charm or earrings.

4 TELL US
Scan the feedback code inside and tell us how it felt.

NO SIGN-UP · NO NAMES

Your sentence never appears on any screen. Only the life it grew becomes public.

TAKE A SPORE HOME
Love the creature that grew from your words? We'll print it as a charm, just for you.
