Write a few words about how you feel right now, on the screen here or on your own phone. A spore is born from it.

3

Watch your spore meet the others. 看你的孢子和别人相遇。

It drifts into the field, finds kindred feelings, touches, and grows — alongside everyone who sat here before you.

它会漂进田野,找到相似的情绪,彼此触碰、一起生长——和之前坐在这里的每一个人一起。

Notice what shifts inside you. 感受一下内心的变化。

Lighter? Heavier? Clearer? If you like, leave a few words about it — on the site or on a paper card.
